

Place Value and Face Value

Tuesday, March 16, 2021 9:20 AM

Handwritten numbers 561307092 with place value labels (Hundred, Ten, Thousand, Unit) and arrows indicating the relationship between the digits and their place values.

Ex. 8 7 3 4 9 2 5

\Rightarrow price value of $g = 9 \times 100 = 900$

Face value of $\phi = 8$
